

Delta Compression & Equipment

"...where precision meets dependable performance."

FACILITIES

Plant:

Total area of Plant ~20 acres

Assembly Area ~30,000 sqft

Fabrication:

General Bay ~20,000 sqft

Vessel Bay ~25,000 sqft

Heavy Bay ~30,000 sqft

Coatings:

Paint Containment ~4,000 sqft

Blasting Area ~3,750 sqft

Warehousing, officing, parking ~50,000 sqft

EQUIPMENT

Lifting Equipment:

Overhead Cranes

(8) Up to 80 ton capacity

Mobile Lifting

(1) 65 ton Crane, (2) 15 ton Cherry Picker

Forklift capacity w/boom extender

(6) Up to 11 tons

Delivery Equipment Trailers:

(2) 40' 22k lbs, (2) 30' 20-25k lbs

(3) 35 ton 2-Axel 5th wheel

(1) 16'-27' 2 & 3-axle bumper pull

(1) Construction King Backhoe

Welding & Fitting Equipment:

(1) 200 Ton x 12' Hydraulic Press

(2) Dual Head Sub-Arc

(2) Pipe rollout

(40+) DC power source & inverter

(2) 30 & 60 ton Iron Worker(s)

(3) Circular & Auto Plasma cutting

(6) 20-60 Ton tank rollers w/idlers

Painting & Blasting Equipment:

(2) 25 ton blast hoppers

(2) 600CFM Air Compressors

(5) Up to 6k lbs Blasting Pots & agitated sprayers

ORGANIZATION

Management Team:

CEO - Dutch Williamson

CFO - Britney Williamson

General Manager – Calvin Leger

HSE – Darrell Escoyne

Business Development – Jason Webster

Engineering Support Team:

SRC Engineering – Stephen R. Callegari, Jr., P.E.

Project Execution Team:

Project Management – Travis Doucet

Estimating – Dutch Williamson, Calvin Leger

Drafting and Design – Kevin Moreau

Quality Control – Oras Doucet

Procurement - Vee Pelafigue

Manufacturing Team:

Leadership - Darrell Escoyne

Shop, Equipment, Coating

PRODUCT & SERVICE

Full Suite of Products

Upstream, Midstream, Downstream Process Equipment • Pipeline Equipment • Compressor packages (Overhaul and Revamp Gas Engine or Electric Motor) • Power Generation • Carbon Capture • New and Used Equipment Applications

Midstream Specialty

Slug Catchers • Dehydration • Gas Scrubbing • Filter Separators

Gas System Expertise

Contact Tower (Sweet and Sour) • Dehydration • Gas Lift • Gathering • Injection & Withdrawal • Fuel Supply • Compression • Transmission • Storage • Vapor Recovery • Processing

Production Equipment

Phase Separation • Heaters • Dehydration • Meter Runs • Heat Transfer

Process & Treating Equipment

Water Treatment • Fuel Gas Conditioning • Filtration • Refrigeration • Fractionation • Dehydration • Pump Packages • Commissioning & Start-Up • New & Refurb Components • Instrumentation & Control

CERTIFICATION

ASME SECTION VIII, Div. I, "U" (BPV Code)

ASME SECTION VIII, Div. II, "U2" (BPV Code)

National Board of BPV Inspectors R Certification

ANSI B31.3, API 1104, AWS D1.1, NACE

Authorized Inspector & Engineering Support
